Execution Process

The typical process involves several stages:

- **Initial Input:** Students submit their ideas, opinions, or solutions anonymously based on the prompts.
- **Analysis and Feedback:** Instructors summarize responses, identify common themes, and share aggregated feedback with students.
- **Refinement Rounds:** Students review the feedback, reconsider their positions, and submit revised responses.
- **Consensus Formation:** Through multiple iterations, students work towards shared understanding or solutions.
- **Reflection and Debriefing:** Final discussions and reflections help consolidate learning and assess the process.

Best Practices for Effective Implementation

To maximize benefits:

- Encourage honest and respectful communication.
- Use visual aids and summaries to clarify complex feedback.
- Set clear deadlines for each round to maintain momentum.
- Integrate reflection activities to deepen understanding.
- Provide guidance and scaffolding for students unfamiliar with the process.
